

Kiss the Stars

21-year old Ruby struggles to navigate the social hierarchy at the private academy where she teaches and is shunned by her colleagues. Hopelessly awkward, Ruby accepts her loneliness, until the night she comes face to face with Devon Slaughter--tall, dark and deadly. With only fractured memories of his past, Devon doesn't know who (or what) he has become. He possesses strange powers: paranormal strength and speed, the ability to seduce a woman with a single touch. But he doesn't know why. And what Devon doesn't know can hurt Ruby. Unless he's still human enough to save her... Kiss the Stars is Book 1 in the Devon Slaughter Series, a paranormal romance duology recommended for adult fans of suspense and dark romance. Please be 18+ years.
