

Knole Park

What drives a man to burn down his house - the home he shared with his wife and children? Michael Gaines is that man. Brought to the end of his tether by a seemingly unsympathetic bank, he's lost his business, his home and, for now, his wife and children after they walk out on him. Yet everything may not be what it seems. Stuck in prison, and with the help of his career criminal cellmate, Michael slowly starts to understand what has really happened. He's been deliberately targeted by an envious business rival who not only wants to steal Michael's business but has also set his eyes on Michael's beautiful wife, Hannah. Michael, his life collapsing around him, resolves to take revenge
