

World Court Digest: Volume 3: 1996 - 2000

The World Court Digest continues the Fontes Juris Gentium, a series that presents the decisions of the Permanent Court of International Justice, up to 1990. The new volume covers the period from 1996 to 2000. All important pronouncements of the Court in its judgments and advisory opinions, are systematically arranged under specific topics taken from substantive and procedural international law. The World Court Digest provides reliable access to the decisions of the most significant international judicial organ on questions as important as the aerial incident at Lockerbie, the crimes of genocide in Bosnia and Herzegovina, as well as the use of nuclear weapons and the use of force in the Yugoslavian context.
