

Land Sharks: A Swindle in Sumatra

A fall from grace costs Lexi a position at a top New York financial institution. She ends up in a job at a small private bank in Beverly Hills. But that's okay, she still gets to work in her favorite field catching white collar crooks. At least that's what she tells herself. But when Karista, the daughter of one of the bank's principal investors, runs into danger while traveling in Indonesia, Lexi's job comes to depend on her ability to save her. Even worse, Lexi will have to babysit Steve, her boss' well-meaning but spoiled son, while going undercover to reach the heiress. Lexi's cushy tropical assignment soon spirals into chaos as she has to outrun fashion-forward Batak natives, outwit an arrogant FBI agent, help Steve find his stolen Air Yeezy sneakers, and figure out why her ardent former lover and debonair gentleman thief, Andre, is staying at the same resort. Lexi will have to be very good or very lucky to survive it all.
