

Legacy of Steel: Dragonlance: Bridges of Time, Book 2

Three years after the Summer of Chaos, Sara Dunstan, adoptive mother of Steel Brightblade, hears rumors that the Knights of Takhisis are regathering in the evil city of Neraka. Although still branded a renegade by the Dark Knights, she travels to Neraka with the blue dragon, Cobalt, to learn the truth. There she discovers the knights are not only rebuilding under the leadership of General Mirielle Abrena, but they have imminent plans to return to war. Frustrated and seeking answers, Sara journeys to the Tomb of the Last Heroes in Solace. At the tomb, she receives an answer she never expected, which inspires a new order that could help the people of Ansalon to survive the dark days ahead.
