

1994 IEEE Computer Society Conference on Computer Vision and Pattern Recognition: June 21-23, 1994 Seattle, Washington (Ieee Symposium on Research in Security and Privacy//Proceedings)

Presents 19 papers from the May 1994 symposium reflecting current research in the field. Topics covered include databases, cryptographic protocols, information flow, access control, and distributed systems. Includes information on ways to maintain the services of the Internet and its successors in t
