

Our Worship of Riches

Our Worship of Riches. A Phil Timmins adventure. In the City, Londons version of Wall Street, Phil Timmins does another good deed when he agrees to deal with a trio of renegade brokers for a friends uncle, the managing director of a financial advisory. The brokers, who plan to flee the old-time advisory and take the firms wealthiest clients with them, think they have all the angles covered. But they hadnt counted on running afoul of a politically incorrect, street smart Vincent-riding ex-RM Commando with a low tolerance for hypocrisy. And when they fall into Phils trap, their fortunes drop faster than a market index during a flash crash.
