

# LTs School of Pool: Where Winning is Everything

Treat this game no different than a gunfight. When you step up to the table, shoot like you have never shot before. Look for your opponents weakness; leave nothing for them to shot. Keep your thought until you have won the game, stay focused, stay calm. Never second guess yourself, ever. Walk around the table and pull your thoughts back; there are no shots too hard for you to make. Just shoot them. If your shots are not measuring up, get practicing golf on a six-by-twelve table. This stabilizes your stroke, sharpens your view to the ball, and teaches proper weight per roll. Also best table to practice masse shots. Remember in this game, winning is everything. I believe this book has taken me to the top-dog position in my league because I had to write it to get my own game back to the level of play I am at now. Just reviewing what I know has helped enormously. Don't take your game for granted, practice, challenge.
