

# Fiasco

As prep school students, Roger and Tom did anything for each other. When Tom found himself in trouble, Roger bailed him out in an act of loyalty that forged their friendship for life. Now, twenty-five years later, they've taken decidedly different paths. While Tom owns a small, yet successful investment management firm, Roger is living closer to the edge, in the drivers seat of a high-risk insurance company. When Roger calls him up asking for help, Tom knows its time to return that boyhood favor. The goal? To try and save Rogers company, a feat that would require Tom to put everything on the line including his reputation, his business, and even his marriage. But with so much at stake, can Roger really be trusted? And when an unscrupulous money manager and an encounter with a sexy stewardess send his life spiraling out of control, how far is Tom willing to go to help his old friend? As the fiasco reaches new heights, loyalties are tested, corruption is exposed, and a mysterious death is revealed in a stunning financial thriller that will keep you guessing from beginning to end.
