

The Art of Practicing Law: Talking to Clients and Colleagues

This collection of 70 essays covers a wide range of legal areas and cases large and small, complex and simple, criminal and civil. Music, painting, architecture, and ethics are also discussed. These stories transcend the specific cases in which they occurred; they combine to teach you effective ways of building meaningful relationships with your clients, staff, and the others around you, and in turn, finding meaning and happiness in your profession.
