

Managing Reality, Second Edition. Book 2: Procuring an Engineering and Construction Contract (Managing Reality: A Practical Guide to Applying Nec3, 2nd Ed)

NEC Managing Reality: A Practical Guide to Applying NEC3 is a series of books written by NEC experts well versed in using the NEC at the coal face that explain how the NEC can be used to optimum benefit in everyday environments. The second edition includes full updates to each of the five books: Introduction to the engineering and construction contract; Procuring an engineering and construction contract; Managing the contract; Managing change; Managing procedures. This new edition focuses solely on NEC3, with new practical examples from across the world. Sections on disallowable cost, defects, roles/responsibilities and schedule of cost components have been expanded and enhanced.
