

Diary Of The Apocalypse - The Films of Neil Johnson

The legacy of perseverance? Science Fictions most unique and hardest-working director. Neil Johnson, a director for over two decades, has struggled against all odds to create his visions. Despite constant failure and overwhelming odds, the films he envisioned were made and sold world-wide. Often hated, ridiculed and sometimes celebrated by his peers, Neil Johnson was rumored to be the first person to make an all-digital feature film, on the eve of the digital film-making revolution. Despite death threats, arrests, Lawsuits and persistent financial collapse, Neil Johnson has managed to carve a niche for himself in an ever-changing world. His story will enlighten and inspire all who partake in the journey...
