

The Arizona Liars Almanac

Forget the Farmers and say Adios to the Astrologers--The Arizona Liars Almanac is here! Filled with information on the local climate, flora, fauna, geography, modern living, and more, this endlessly entertaining book is guaranteed to make readers wonder, laugh out loud, and wish it was all true. And maybe it is! Why shouldn't quicksand make faster-working sandpaper? And why wouldn't the state's biggest export be sunshine? In between dispensing wisdom on home remedies and the weather, author Jim Cook--Arizona's Official State Liar--tells readers the truth behind the lost mines that riddle the Grand Canyon State, the sought-after recipe for Benie Weenie Pie, and the renowned Society of Woolgatherers.
