

Nights Gift

Virginia has never had it easy. After her life is torn apart, she moves to a small town with the hope of starting over. She settles in and starts learning to enjoy a slower pace of life. Then, one evening she decides to take a walk to check out a mysterious mansion at the end of her block. Curiosity may have killed the cat, but because of it Virginia is about to make a terrifying discovery. As she peers through the mansions window, she sees a massive black-robed figure with grotesque fangs. Horrified, Virginia attempts to flee-but finds herself stopped in her tracks and plunged into darkness. After she awakens inside the house, Virginia comes face-to-face with its secrets-Teresa, the beautiful woman at her bedside; Max, the seemingly sinister old man; and Count Basarab Musat, a Transylvanian vampire who manipulates and controls everything-and everyone-around him. Soon Virginia realizes she is a prisoner, and what the Count has planned for her throws her into a battle for her survival. Unsure whether she will ever be free from this new and dangerous world, Virginia becomes a desperate woman who will stop at nothing to return to the life she once knew.
