

Noel Coward Screenplays: In Which We Serve, Brief Encounter, The Astonished Heart

This collection brings together three of Coward's most important screenplays: *In Which We Serve* (1942), *Brief Encounter* (1945) and *The Astonished Heart* (1950). The collection features the shooting scripts for each film alongside contextual notes for each play, and a general introduction, by Barry Day. *In Which We Serve* earned Coward an Academy Honorary Award in 1943 as well as the New York Film Critics Circle Award for Best Film. The film remains a classic of wartime British cinema. *Brief Encounter*, the most famous screenplay in this collection, is based on Coward's 1936 one-act play *Still Life*. It remains one of the greatest love stories of all time, coming second in a British Film Institute poll of the top 100 British films. *The Astonished Heart* tells the story of a psychiatrist's growing obsession for a good-time girl and the resulting tragedy this leads to. This collection features a foreword by Laurence Kardish, Senior Curator Emeritus, Film, at New York's MoMA, and an eight-page black and white plate section of production stills.
