

Operation Ghost Bird (Alpha Four Series Book 4)

The 4th novel in the Alpha Four series. When an F-22 Raptor makes an emergency landing at an Iranian Airbase, the team of Alpha Four is recruited by the Agency to rescue the pilot and repair the plane. But Alpha Four's cooperation comes only after the CIA captures their friend Arsallah and uses him as a bargaining chip in this deadly cat and mouse game. The Raptors' stealth technology would turn the battle for air supremacy in the Middle East in Iran's favor, and that is something neither the United States nor Israel can allow. But a rescue mission could push Iran into war. A delicate balancing act must be performed by the covert team of Alpha Four. If their rescue mission does not succeed, the Raptor will be destroyed by whatever means necessary, no matter what the consequences may be. Will Alpha Four succeed in this dangerous mission? Follow the team of Alpha Four on their latest exploit and find out. Enjoy the entire Alpha Four action/adventure series.
