

Organic Screenwriting: Writing for Film, Naturally

FINALLY! A BOOK FOR SCREENWRITERS THAT FOCUSES ON CREATIVITY, NOT RULES! Organic Screenwriting gives us permission to do what we set out to do in the first place: Tell stories from our hearts. Luke Yankee, screenwriter, playwright and author of *Just Outside the Spotlight* *Forget What Youve Read About Rules* *Forget What Youve Read About Structure* *Forget Everything Youve Read About Writing for Film* *GO ORGANIC and WRITE SCREENPLAYS THE NATURAL WAY* Learn how to craft engaging, compelling, entertaining stories easily, naturally and without struggle...whether youre a seasoned screenwriter or just starting out *Organic Screenwriting...* *The Screenwriting Book Youve Been Waiting For!* What I share here speaks to the core of what I believe, not only about screenwriting but about writing, and thats that creativity is an organic process that relies more on discernment than rules, more on intuition than outlines, more on passion than structure. Its a free-flowing, in-the-moment experience that urges us to turn our backs on cookie-cutter formulas and paint-by-numbers canvasses. Its a realm where Story is king and Muse is both chancellor and court jester. Its a journey where we sit, wide-eyed, in a darkened theater and watch, awestruck, as our screenplay reveals itself to us on the flickering screen. Mark David Gerson A seminal work that should be read carefully by any and all aspiring writers for film and television an enduringly useful reference work. *The Midwest Book Review*
