

Pursuit in Provence (A Jordan Mayfair Mystery)

Pursuit in Provence is Jordan Mayfair's debut as an amateur sleuth finding her way through a labyrinth of art rock-and-roll -- and murder -- against the captivating backdrop of Provence. American architect Jordan Mayfair travels to Provence with visions of Roman ruins bathed in magical Provencal light, exquisite foods and wines and -- possibly -- an alluring Frenchman. She will experience all she imagined but she never expected to be chased across the French countryside for an Elvis recording. Danger follows her to the village of Fontvieille where the colorful inhabitants are in a frenzy over missing Van Gogh sketches. Pursued through ancient tunnels and narrow twisting streets Jordan becomes an unwilling player in dramas as intricate and intriguing as the secret passages she discovers.
