

## Pier Paolo Pasolini

Including rare photos and original movie posters, this is a tribute to the entire cinema works of Pier Paolo Pasolini, one of the most important artists in the twentieth century. A poet, novelist, scriptwriter, author, literary critic, essay writer and polemicist, Pasolini was among the most controversial and provocative figures to have an impact on the national and international culture and cinema community of the past century. He focused more on the subject matter rather than the filmmaking itself, bringing the evolution of the Italian society forever at odds to screen. Pasolini's on-the-edge lifestyle led him to stand up against all stereotypes and categories.
