

The Ultimate Party Coloring Book (Featuring 200 Kaleidoscopes to Color)

Now with even crisper, bold lines and illustrated in the highest resolution possible for optimal printing. Coloring among adults is being used as a tool to reduce stress. This book contains 200 kaleidoscopes on separate pages. As shown on NBC Nightly News, people are hosting coloring parties, so I made this book specifically for that purpose. Each illustration measures approximately 7 X 6 and they are outlined with black borders as an easy guide for cutting. The pages are not perforated, but can be easily torn out and distributed to your party guests. This book contains illustrations from my complete four volume set titled, Serenity & Symmetry. Grab your markers, colored pencils, gel pens, or crayons and color until your hearts content.
