

Lapple Puzzle Book #7: 1000 Overlapping Words Puzzles (LAPPLE IQ PUZZLES)

HAVE ENDLESS FUN WITH SOLVING LAPPLE PUZZLES & PUT YOUR BRAIN IN TOP OPERATING CONDITION! SOLUTIONS ARE PROVIDED FOR EACH PUZZLE.

Welcome to the world of lapple puzzles! All puzzles are fun and entertaining, and this newly created puzzle idea is interesting and stimulating for all ages. Lapple puzzles not only help you learn new words and definitions, they can improve your memory, increase your effective IQ, enhance your language skills, and exercise your minds muscles for long-term learning. What is a Lapple Puzzle? A lapple puzzle is an overLAPPING words puzzle. Each puzzle is a string of 127 letters. The word overlap is from one to four letters. The objective is the find consecutive overlapping words by following the string from beginning to end. For example, in the string DEVOTIONICES, one finds the words DEVOTION, I, ION, ON, NICE, ICE, and ICES. Why Do Word Puzzles? 1. Word puzzles help the mind. The health benefits of word and logic puzzles can prove worthwhile. Your brain needs regular playtime to form new patterns and complex neural networks naturally. Word puzzles require brain exertion (exercise). Therefore, word puzzles improve memory and encourage better brain function. This can lead to more brainpower, increased skill, and improved concentration and memory. Scientists have found that the brain actually reorganizes itself in response to new challenges, and a word puzzle provides a challenge. In addition, word puzzles are good for your minds cognitive (thinking and memory) development. 2. Word puzzles teach problem-solving skills. Playing puzzles affects the thinking side of your brain, which forces you to solve problems logically. The skill of effective problem solving is a valuable and important one. A puzzle cannot be completed by cheating! An answer is either

right or wrong. Therefore, word puzzles teach you to use your own mind to figure out how to think in a logical way to solve problems. 3. Word puzzles teach perseverance. Word puzzles can be challenging, requiring practice makes perfect mentality with repeated attempts at solution. The persistence required to continue attempting a challenging puzzle after repeated failures is a great lesson. In addition, once you see how to complete the puzzle very quickly, you still need to practice. Practice is necessary to master the way chosen to solve the puzzle. This teaches you to focus. 4. Word puzzles teach critical thinking skills. Working word puzzles requires an alert mind. Word puzzles promote thinking and stimulate the brain. They encourage the mind to exercise and sharpen cognitive skills. Deduction is an important critical thinking skill. The puzzles in this book are perfect for learning organizational skills and practicing the process of elimination. Answers need to be sought and found. Thus, you must focus to deduce answers. Working independently on a puzzle helps develop a sense of responsibility. As you work word puzzles, you will often develop a strategy to work each puzzle faster and more efficiently. This helps you learn to achieve small goals as a means toward a larger goal. Building an individual learning strategy helps you reach conclusions, an important critical thinking skill. 5. Word puzzles build self-confidence. Solving puzzles teaches the ability to overcome problems. A puzzle solver usually gets frustrated at first when they try to solve puzzles, but that feeling lessens as they solve more and more puzzles. When you finally solve a puzzle, you experience a sense of accomplishment. Once you successfully complete a puzzle, you will most likely be happy to try another one. Then, the more you complete word puzzles, the more you will be able to do so quickly. If you have fun and success in word games, you will feel more secure and comfortable, and thus more self-confident. The lapple puzzles in this book teach the importance of how to work

through difficulties and cope with
impatience or anxiety.
