

## Rectify: Season 1 and 2 Episode Guide

God these are awesome! Jayson Warner Smith (Wendell from Rectify). SundanceTV's Rectify was a stunning breakthrough triumph for writer-creator Ray McKinnon. It told the harrowing tale of the erroneous release from prison of one-man killing machine Daniel Holden and the terrible effect it had on the small town of Paulie (population 14, zero by the time Dan is done). Out on some bullshit technicality manufactured by his lawyer Liberal Jon, Dan ruthlessly stalks the family of the girl he killed, steals a herd of goats for his own sick pleasure and sexually assaults his learning-disabled stepbrother Teddy by stuffing 3 kilos of coffee up his butt crack. Hot sister Amantha tries to keep him on the straight and narrow, genetic trash and ginger lackbrain half-brother Jared attempts to hold in his murderous urges by distracting him with 90s coming-of-age comedies and step sister-in-law Tawney simply tries to beat some God into him. It is all to no avail as Daniels urge to kill simply will not be denied. Only Senator Roland Foulkes stands any chance of halting the slaughter as he struggles manfully to put Dan back where he belongs: on death row. TV critic James Donaghy takes you down to the real Paulie with all 16 episodes of the first two seasons dismantled, dissected and autopsied with the mind of a surgeon and the heart of an axe murderer. PLEASE do not read if you dislike puerile humour, have any common decency or concern for your fellow man. This will not be your thing. The rest of you scumbags: have at it.
