

Post-crisis Trajectories of European Corporate Governance: Dealing with the Present and Building the Future (Journal of Law and Society Special Issues)

Post-crisis Trajectories of European Corporate Governance offers a critical reassessment of policy and institutional elements of corporate governance as it relates to the member states of the European Union. Presents a critical overview of contemporary corporate governance practices in the EU Reassesses current European corporate governance policies Questions whether there should be a unified corporate governance trajectory in the EU If such a trajectory exists, must it be completely reoriented or would a simple upgrade of current arrangements suffice Features contributions from a variety of experts on corporate governance
