

## Right Turns: Unconventional Lessons From a Controversial Life

Michael Medved is an orthodox Jew whose popular radio show is a favorite with evangelical Christians. As a nationally syndicated movie reviewer he made headlines with a controversial book titled Hollywood vs. America. He is a fervent and committed conservative who once worked 18-hour days in Bobby Kennedys presidential campaign. And he counts among his friends both Rush Limbaugh and Hillary Clinton. He is a unique man, with a unique story to tell. In Right Turns, Medved recounts his incredible journey from secularism to religion, from adventurous single man to devoted and doting husband and father, from gloomy critic of our sick society to optimistic and impassioned promoter of American patriotism. With conviction but without vitriol, he relates his sometimes painful but ultimately illuminating process of maturation. Right Turns is a candid, often funny, thoroughly captivating memoir that says a lot about the interplay of the personal and the political.
