

Report of the Expert Consultation to Draft a Legally-Binding Instrument on Port State Measures: Washington D.C., United States of America, 4-8 September 2007 (FAO Fisheries and Aquaculture Reports)

The purpose of the Consultation was to prepare a draft text of a legally-binding instrument on port State measures, based on the 2001 FAO International Plan of Action to Prevent, Deter and Eliminate Illegal, Unreported and Unregulated Fishing and the 2005 FAO Model Scheme on Port State Measures to Combat Illegal, Unreported and unregulated Fishing. The Expert Consultation based its work on a preliminary draft of an agreement on port State measures prepared by FAO. On the basis of this initial draft, the Expert Consultation elaborated a draft agreement on port State measures to prevent, deter and eliminate illegal, unreported and unregulated fishing that will be submitted for consideration and review by the Technical Consultation on Port State Measures to be held in June 2008. (Also available in French and in Spanish)
