

Quick Apologetics: Justice & Final Judgment

Quick Apologetics is a series of Christian Apologetics (arguments in favor of Christianity) made easy. Each book provides an explanation of the subject at hand, using simple English. Things discussed include the subjects: definition, short history, short explanation, logical form, limitations, objections, responses, importance, agreement with Scripture, questions to ask critics and more! This is the second title of a series of books on the Moral Argument. It deals with the idea of justice and how justice proves the existence of an afterlife. Drawing quotes from C. S. Lewis, A. W. Tozer, and Martin Luther King Jr., this book goes through the absurdity of justice without an afterlife and shows how our longing for equity is evidence for a coming judgment.
