

Why We Watch: Killing the Gilligan Within

You are what you watch! What if classic TV could heal your inner child? No, really, were serious. Its possible if you understand what your programming choices say about you! In this delightful send-up of self-help books, author Dr. Will Miller asks: Did you love Lassie, the cross-dressing canine hero who saved little Timmy from raging rivers and mine shafts? It could be a sign of co-dependency and an impulse for self-sacrifice. What does your devotion to Bewitched and I Dream of Jeannie say about your marriage and your view of gender? Why do men love the Three Stooges? Why do women loathe them? Do you have an inner Moe, Larry or Curly? And do you know why you must kill your inner Gilligan? Is it really possible for the nation to be emotionally healed by viewing The Brady Bunch? The answers to these questions will surprise and thrill you. Dr. Will Miller, the founder of the revolutionary science of teletherapy, reveals all these truths and more in this groundbreaking book that explains Why We Watch! In a matter of moments, youll be watching your way to wellness! Really.
