

Several Shadows: The Journey Of A BBW Admirer, Music, Poetry & More

Who is Pay Day the Author? Read and get first glimpses of how he came to be in this time of much needed plus-size community literature, art and culture. Observe an artist, writer, poet, song maker, screenwriter and more. How is he influenced? Take it from his very beginning in Washington, DC, the nations capital city. Several Shadows is based on the life of Pay Day the Author or Julian Hill. There is some fiction thrown in. So dont get it twisted! Interesting love, romance and relationships play a part in young Jovon as he develops in a crazy whirlwind from boy to manhood. Meet the women in his life at certain points in time. Experience urban perspectives from this author in pointed locations such as Washington, DC, Maryland, Virginia, California, Georgia and Ohio. Hear the voices in the dark. See beyond the shadows. See the man living in the shadows. There are quite a few adventures within this book which is really comprised of 3 volumes. It could easily be at least 2 separate books and then some. Still Pay Day chose to consolidate them so that you get a fuller vision of where he was coming from. You must ask yourself the following questions while reading this book. Is there anything wrong or socially incorrect about a man loving a plus-size woman? Do more men secretly admire Big & Beautiful Women (BBWs) than we notice? Where are you likely to see or meet Real Curvy BBWs/Stacked BBWs/Stacked Chicks? If a Creative BBW Admirer were to rise in the public sphere, would the world condemn him because he acknowledges his clear attraction to women of size? A coming of age tale where creativity meets streets and Real Curvy BBWs meet a guy that is drawn to them in a very passionate way. Get the story behind the lyrics. The Of Age Edition is not the original format of the story Pay Day created. Many scenes that occur in Several Shadows were taken

directly from his journals. It was only after he was told that he could not depict underage females in a sexual format even though he was the one interacting with them when he was underage as well, that he chose this current version. Please expect more versions/editions of this tale in the near future. Several Shadows has 3 volumes. The first explains his birthplace, Washington, DC - the nations capital city but never honored with the certainty or clarity of being a state. The second volume focuses on Destiny, the current love of his life and how he planned to be with her in the end. The third and final volume speaks on yet another transition of Jovon. There are things that happened in his life that he cannot forget or get past. Still he must go forward. How does he do it? He prays and asks God to step in and protect him and his family. This book will challenge your ideas about sex, Big & Beautiful Women (BBWs), music, poetry, arts, films, dating and romance, vision and your relationship with Jesus Christ. By no means does Pay Day the Author/Julian Hill bite his tongue. There is strong language and explicit scenes included because they are crucial to the storyline. Watch an artist evolve into what you may know him to be today even in the midst of mental illness, he goes on with Gods help. For Stacked BBWs, Real Curvy BBWs, Super-Size BBWs, Outrageous Real Curvy BBWs, Full Figured Women, Real BBW Players, Real Players, BBW Players, BBW Admirers of all kinds, Big Beautiful Women, the Global Plus-Size Community, Lyricists, Songwriters, Spoken Word Poets, Musicians of all kinds, Rappers, Urban Literature/Fiction Lovers.
