

Legal Dilemma in Medical Law on Breast Implants

Literature Review from the year 2013 in the subject Law - Philosophy, History and Sociology of Law, grade: 75%, Buckinghamshire New University, course: Internal Medicine, language: English, comment: Nice article, knowledgeable and well covered , abstract: The issue of faulty breast implant in the United Kingdom has recently been of grave public concern, with panics from women in the United Kingdom concerning implants filled with industrial silicone gel. The paper was guided by four research questions. These research questions include What are the benefits of PIP breast implants?, What are the complications that may arise from PIP breast implants?, What relations exist between breast implant and certain diseases?, and What went wrong in the recent issues of faulty breast implants in UK women and other women around the world?
