

Aviation Code of the Russian Federation (Essential Air and Space Law)

This book contains the English translation and the official Russian text of the Aviation Code of the Russian Federation. For a better understanding of the Code, an introduction has been added, setting out the history of the Aviation Code and its ramifications. An outline of the Code is provided, as well as an account of other Russian Federation legislation covering the field of aviation law. The book will assist in clarifying the applicable aviation law in the Russian Federation by providing a professional English translation of the Russian Aviation Code.
