

Emergency Deep

First in an all-new military series from the USA Today bestselling author. A Middle-Eastern terrorist cabal has acquired a Soviet submarine so technically advanced it is able to outrun any torpedo or enemy vessel and strike at will. With a payload of stolen nuclear missiles, it will enable the terrorists to strike directly at Israel and throw the world into chaos. Only one man can infiltrate the group, take the helm, and stop a holocaust—a man who has already stared down death, and is ready to do battle once more...
