

# The ABC Movie of the Week Companion: A Loving Tribute to the Classic Series

Movies made for television were in their infancy when ABC came up with a novel idea: a weekly series of films made exclusively for the small screen. The ABC Movie of the Week became a great success and a cultural touchstone for a generation of Americans. In this loving tribute to the classic series of TV films, more than two hundred films in the series are reviewed, including well-remembered titles such as *Duel*, *Tribes*, *The Six Million Dollar Man*, *Go Ask Alice*, *Brians Song*, *The Night Stalker*, *Bad Ronald*, *Starsky and Hutch*, *Trilogy of Terror*, *That Certain Summer*, and *Killdozer*. In addition, choice bits of trivia about the actors and films and exclusive pictures are sprinkled throughout the book. So bit back, relax, and return to a time when the counterculture was in full swing and you could tune in every week for one or more original films made just for you.
