

Arena One: On Anarchist Cinema (Arena Journal)

In the wake of the end of the Cold War and worldwide protests against corporate globalization, anarchism continues to attract new adherents among both aging leftists and new generations of young radicals. Arena aims to tap into this revived interest in libertarian ideas, culture and practice by providing a dynamic focal point: a journal that brings together good, stimulating and provocative writing and scholarship on libertarian culture of all kinds. Designed for a general, intelligent, popular readership as well as for scholars and aficionados working in the area, the first issue of Arena focuses on film and videohistorical and modern and future issues will cover the entire spectrum of the arts: film, theatre, and art criticism as well as political theory and practice, reportage, letters, reviews, and unpublished fiction and nonfiction.
