

The Book of Splendor: A Novel

A historical novel about the most unlikely of lovers, interwoven with the mysticism of the Jewish occult. Frances Sherwood brings to life the experience of the Jewish community during a period of oppression and rebirth. Set in seventeenth-century Prague, *The Book of Splendor* is an adventure-filled romance stocked with court intrigue and political tension, including the machinations of the rival Ottoman Empire, the religious controversies of Protestantism, and the constant threat of violence to the Jewish community. At the heart of the novel is Rochel, a bastard seamstress who escapes poverty through an arranged marriage to the tailor Zev, but falls in love with Yossel, the Golem created by Rabbi Loew to protect the Jewish community. Meanwhile, Emperor Rudolph II puts the safety of all Prague at risk in his mad bid for an elixir of immortality. *The Book of Splendor* is an epic tale reminiscent of Anita Diamants *The Red Tent*, and a love story as unlikely as *Tracy Chevaliers Girl with a Pearl Earring*.
