

What the world dreads most, happened. Now that they've achieved their quest for survival, the true reason for humanity's demise becomes ever more apparent. In her dystopian and post-apocalyptic novel, *The China Pandemic*, A. R. Shaw created a realistic world after a much too plausible pandemic collapse event. Now, the remaining survivors must face an enemy more sinister than anyone ever conceived. The story moves forward with...*The Last Infidels* and the terrorists are here. The survivors are back in book three of the Grahams Resolution series. In the tiny town of Cascade, Washington, the members of Grahams camp and the Preppers welcome spring and begin to thrive as a community. Meanwhile, dark forces invade the peace they've cultivated. A common malevolent enemy of the past emerges and suddenly the pandemic wasn't what it seemed at all. Read the ongoing thriller series of Grahams Resolution, Book 3, *The Last Infidels*, for the startling revelation. Top 100 in Dystopian and Post-Apocalyptic fiction novels. A TEOTWAWKI Prepper thriller fiction favorite.
