

The Darkling

In the 1940s Coden, Alabama, was a hideaway for movie stars an isolated playground tucked among live oaks and placid bay waters where pleasure and vice could be indulged. By the summer of 1974, Coden s glamour has faded, but it doesn t bother Mimi Bosarge, who is just happy to have a job as a live-in tutor with the wealthiest family in town, the Hendersons. When the Hendersons generously open their arms to Annie, a troubled teenager with no recollection of her past, Mimi s greatest concern is creating a curriculum for the family s new ward. But it soon becomes obvious that something is wrong. Annie seems suspiciously savvy for her young age, and Mimi can t quell the unnerving sense that there is something malicious about the waiflike beauty.
