

Behind Closed Doors: A European Crime Mystery (The Beatrice Stubbs Series Book 1)

Wow. Wow, wow, wow. This is a GREAT book. - Sheila Bugler, author of Hunting Shadows Fat Cats are dying. Did their conscience get to them? Or did someone else? Suicide the act of taking ones own life. Homicide the act of taking someone elses. An unethical banker suffocates. A diamond dealer slits his wrists. A media magnate freezes in the snow. A disgraced CEO inhales exhaust fumes. Four unpopular businessmen, four apparent suicides. Until Interpol find the same DNA at each death. Beatrice Stubbs, on her first real case since the incident, arrives in Switzerland to lead the investigation. But theres more to Zurich than chocolate and charm. Potential suspects are everywhere, her Swiss counterpart is hostile and the secretive world of international finance seems beyond the law. Battling impossible odds by day and her own demons at night, Beatrice has never felt so alone. She isnt. Someones else believes in justice. The poetic kind. Thrilling new crime fiction from a seriously good writer Annemarie Neary, author of Siren. Behind Closed Doors crackles with human interest, intrigue and atmosphere. Beatrice and her team go all out to see justice is done. And author JJ Marsh does more than justice to the intelligent heroine who leads this exciting and absorbing chase. Libris Reviews
