

The Palestine Yearbook of International Law, 1995

A well-established yearbook, The Palestine Yearbook of International Law is widely respected as a prime source of legal material relating to Palestinian issues. It provides an important forum on topical matters relating to Palestine for the international legal community, particularly for legal practitioners, researchers and scholars. In addition to leading articles on current matters of interest, it contains key legislation, court decisions, and other relevant legal material translated from the original Arabic or Hebrew into English. This eighth volume of The Palestine Yearbook of International Law contains: leading articles on Palestinian self-government, legal aspects of the Palestinian/Israeli peace process, and the problems of water management in Palestine; the texts of Palestinian, Jordanian, Israeli and U.S. legislation and of various Agreements concluded between the Palestinian National Authority and both Jordan or Israel; the texts of human rights reports; a selection of recent book reviews; and a detailed bibliography. The level of activity in this field and its importance and complexity make The Palestine Yearbook of International Law an important component in any international law library, allowing practitioners and academics to maintain awareness of these critical issues.
