

The Gifted (Sara Connolly Mysteries Book 3)

Having helped recover hundreds of kidnapped people over the years, Sara Connolly now finds herself being one of the abductees. Asked to investigate a suspicious number of missing people, Sara through her psychic gifts sees that she is also to be taken to a mysterious facility where other gifted people are being held captive and were to be used as human guinea pigs. The suspense and adventure builds as her husband, ex-FBI agent, Matt and good friend Chicago PD detective, Jim go undercover. Could a scenario like what is happening at the facility actually take place? Sara intuitively sees that it can and is.
