

The Gods Have Smiled: The Shadows of Rhodes Series

Book 3 in the The Shadow of Rhodes series, The Gods Have Smiled, has adult content, and continues with the main players in the story. Temptations that assault the heart in an island paradise can tempt and push to the brink a sense of morality that wouldn't otherwise arise when on home ground. The conscience can be torn to the point of disaster. A vacation can turn into a test of will and resolve, but which is the right thing to do in the situation with everything considered, past and present? The heart is such a fragile thing, painful to follow the rules, and painful if you don't. Not only is this a burning question of making the right decisions, but outside influences, and danger that raises its head to add to the mix can spell disaster in more ways than one.
