

The Scruffy Drunk: The Wife in Space Volume 2

In 2011, a fanboy convinced his not-wife to watch every episode of Doctor Who with him (even the ones that didn't exist any more). The result was a moderately successful blog called Adventures with the Wife in Space. This volume collects the second phase of that blog and covers the second Doctor, as played by Patrick Troughton. It's also packed with extras, including an exclusive blog (The Underwater Menace Redux), a new interview with Sue, episode annotations, exclusive illustrations, a video transcript and a foreword by Toby Hadoke. This book covers The Power of the Daleks to The War Games (and one very silly fan film).
