

Truffled Feathers: A Culinary Mystery With Recipes

A large pharmaceutical company is interested in hiring Jason Blue as a consultant, and has invited Jason and Carolyn to the Big Apple for some serious wining and dining. Food writer Carolyn is anxious to get a true taste of New York. But before she gets a chance to let the fun go to her head and the food go to her waistline, Max, the head of R&D, is dead - keeled over after a heaping helping of pastrami. Talk about high cholesterol. Or was it high crime?
