

## Jervis on Coroners: 3rd Supplement

Jervis on Coroners is widely regarded as the definitive book on coroners law. It provides consolidated guidance on a subject influenced by diverse authorities including local authorities, the Home Office and the Lord Chancellors Department. This new edition brings the work up to date with the latest developments. It has been expanded to include new chapters on human rights and comparative law. It also includes greater medical content such as alcohol, drugs, hospital deaths/medical accidents, and euthanasia and care of the dying. \* Clearly sets out the powers and responsibilities of the coroner and the procedures that must be followed \* The works wider coverage makes it essential reading for human rights practitioners \* Includes an expanded medical content section \* Includes a new chapter on Comparative Death Inquiry Law showing how matters are dealt with in non-UK jurisdictions \* Appendices include all relevant statutory material, forms and precedents ensuring these are instantly to hand when required
