

Unlocking Worlds: A Reading Companion for Book Lovers

Award-winning writer and teacher Sally Allen knows that good books don't just draw us in; they talk to us, shape us, and transport us to times, places, and minds different from our own. In *Unlocking Worlds: A Reading Companion for Book Lovers*, Allen deftly weaves personal stories with fifteen thematized, annotated, and illustrated reading lists for what to read next. By sharing some of the treasures in her library and the secret lives they reveal, she gives us permission to embrace the shameless book lover inside each of us. *Unlocking Worlds* is a testament to how reading passionately and compassionately can unlock the world beyond our back yard. Celebrating books and those who read them, Allen shows how the solitary act of reading can be a powerful thread that creates community and connection. Thought-provoking and eloquent, *Unlocking Worlds: A Reading Companion for Book Lovers* is a must-have for anyone who can't leave the house without a book in hand.
