

Dr. Aaron Barbera

Dr. Aaron Barbera is not your typical doctor who sees patients after patients and goes home exhausted. Hes a doctor who cares about his patients and gets down to the heart of things when it comes to treating his patients. However, patients have deemed him to be very insensitive, cut to the point, and a single-answer type of doctor. Theyre already upset at the bad news, but more upset when Dr. Aaron Barbera delivers the bad news without emotions. Is he really without emotions? Dr. Aaron Barbera is a great doctor. Or shall I say, a great looking doctor according to the nurses at Lexington Hospital. He has the tall, dark, and handsome look that women would die for, in which theyre constantly gawking at him every time hes in their midst. But what kind of woman would suit him? Hes loved by women, but hated by patients. As you read the untold story of Dr. Aaron Barbera and his practice, you can decide where he resides as a person and a doctor.
