

Wyatt Earps West: Images and Words (Newmarket Pictorial Moviebook)

Here is the American West, as seen through the lens of the gifted photographer who covered, for five months, the re-creation of a bygone era during the filming of Wyatt Earp, starring Kevin Costner, Dennis Quaid, and Gene Hackman. With 100 photographs, including 77 color plates, a complete art log detailing the photographers techniques and equipment, and excerpts from personal memoirs, verse and prose from the period, by, among others, Theodore Roosevelt, Mark Twain, and Wyatt and Josie Earp.
