

Winning the Game of Thrones: The Host of Characters and their Agendas

This book explores characters agendas, from Sansas secret schemes to Aryas ultimate goal. What is Cerseis true fear? What do trout or golden roses symbolize? Is the show a feminist success or a male playground? This book answers all these and more, revealing the enigmas and surprises hidden deep within the series. Martins interviews, homages, and past works hint at the pattern hes chosen, while the classic pattern of the heros and heroines journey indicate the path of each protagonist and their ultimate destinies. From the Norse myth of ice covering all the world and the winter of wolves, to the War of the Roses that inspired much of the plot, the Game of Thrones is revealed secret by secret, including how it may be won.
