

Time Out 1000 Films to Change Your Life (Time Out Guides)

Over 1,000 films are listed in this visually arresting, full-color celebration of the silver screen. Film personalities, including actors, directors, cinematographers, and animators, write about their favorite films from a variety of angles. Martin Scorsese, Nicole Kidman, and Nick Hornby are among those who weigh in. Writers are matched to suitable (or sometimes surprising) themes and genres within the wider subject of how films can alter the course of a life. Movie stills and posters, trivia, and top-ten lists make this a book that can be dipped into or read from cover to cover. Great screen moments endings, beginnings, kisses, death scenes are given special spreads. The eclectic approach speaks to fans of big Hollywood blockbusters and factoid-reciting film geeks alike. Time Out guides have become well-known for their hip, savvy travel coverage, and this wider-ranging pop cultural coverage follows in this tradition.
