

Its Fine By Me

Fans of Per Petterson will be delighted by this opportunity to observe Arvid Jansen in his youth from a fresh perspective. In *Its Fine By Me*, Arvid befriends a boy named Audun. On Audun's first day of school, he refuses to talk or take off his sunglasses; there are stories he would prefer to keep to himself. Audun lives with his mother in a working-class district of Oslo. He delivers newspapers and talks for hours about Jack London and Ernest Hemingway with Arvid. But he's not sure that school is the right path for him and feels that life holds other possibilities. Sometimes tender, sometimes brutal, *Its Fine By Me* is a brilliant novel from an acclaimed author.
